

A REPORT ON

Visit to AMUL Dairy, Virar Plant

10th January 2020

F:/AIM/ACAD/Industrial Visit/13

AMUL is the first ranked dairy in the Asia. With 6 staff member and 36 students, we visited the huge plant of AMUL producing ice cream, paneer and milk. It is the highest production plant in terms of the milk production for ice cream at India level.

We were guided by the incharge of the production plant and got the real time experience to view the manufacturing process and its technicalities. Students were allowed to interact with mentors allotted to us during the plant visit.

Considering the management perspective, AMUL is managing the production on fully automated machines with minimal operators. We were served with newly launched delicious ice cream of the brand.

(Students and Staff of AIM at AMUL plant, Virar, 10-1-2020)

A REPORT ON Visit to MUMBAI & LONAVALA 10th January 2020

F:/AIM/ACAD/Industrial Visit/13

Mumbai- the hub of Bollywood and Business is considered as city of dreams (Maya nagri). People from pan India always looks forward to visit this beautiful metro city, with eye catching monuments and celebrities of Bollywood. Many tourists from abroad as well love to visit Mumbai in order to know the working and management of the people

living in Mumbai, as it is also known for its fast life, where people stays active and don't have time to waste.

The visit began with bunglow –“Mannat” of the most prominent Bollywood celebrity – Shahrukh khan. Students were amazed to see this beautiful house known for its amenities and security.

Later, we travelled towards prominent holy places of Mumbai, it covered – ISCON temple and Siddhivinayak. Everyone got the chance to take blessings of the lord Krishna and Ganapati.

Further, we reached the place known for snacks and eatables esp. Bhelpuri and Pani Puri in the bank of sea, i.e. Juhu chaupati. Everyone got the chance to enjoy the boat rides and snacks.

Lastly, AIM reached to its final destination and most famous location of MUMBAI i.e Gateway of India & Hotel Taj Palace. All were fascinated to view the Gateway and far reaching sea from the place. Finally, we had a fun ride on the most elegant bridge which is known as Worli- Bandra Sea link.

Next Day, on 12th January, 2020...it was a time to vисти the Lonavala- place very close to nature, surrounded by hills and mountains with criss cross adventurous roads. We visited Bushi Dam, Lions' Point and Lonavala Lake. Students were happy to see the glimpse of nature all over and green vegetation.
